

Glashalte-System

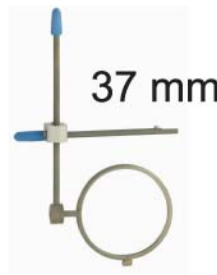

- passend für alle MEC glas-Systeme
- exakte und komfortable Einstellung
- erhältlich in 23 mm und 37 mm

Glas-holder-System

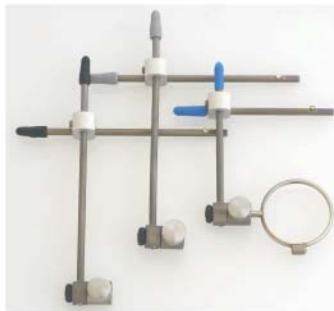

- suitable for all MEC glas-systems
- exact and comfortable adjustment
- available in 23 mm and 37 mm

23 mm

37 mm

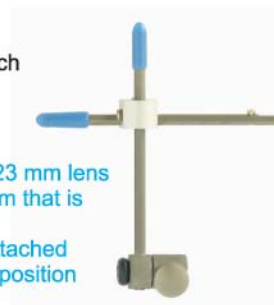

Glashaltesystem 3-Stellung

- Ein Glashalter und 3 Haltesysteme
- Schnellwechselsystem für einfachen Tausch
- Ein Glas für alle Stellungen
- Glashalter Durchmesser: 23 mm

Glas-holder-System 3P

- Corrective lens system requires only one 23 mm lens
- Lens easily snaps in and out of a frame arm that is adjusted to each position
- The frame arm/lens combination is then attached within seconds, and is ideally suited for 3 position Match competitions
