**TUBE**

**MEC TUBE** 82,- €

Aluminium barrel extension tube with 2 barrel weights and rear-sight raiser.

Sensible accessory for all air rifles:

- variable balance, more muzzle-weight and high inertia
- longer sight-base, more aiming precision & depth of field
- variable sight-base, sound reduction and sometimes much better grouping capability.

*The mother of all air rifle tubes, still fully current. Perfect in function, classic in design.*
