**UNI-TOOL**

- A tool for (almost) all screws.
- 4 Bits: SW 2,5, SW 3,0, SW 4,0 and blade.
- The universal tool for stock set-up.

*The Unitool on the range is like an axe in the home...*

**TOOL X**

- Like UNI-TOOL, with one exchangeable bit.
- This means you can also loosen more unusual screw types.

*The logical development of the Tool.*

**UNI-TOOL**

Star-tool, Alu + Steel.

centra **TOOL X**  
MEC

18,- €

Star-tool, Alu + Steel.  
One exchangeable bit.

**TORQUE TOOL**

- Precision torque wrench, torque from 1 - 20 NM
  - For a measured contact between stock and action.
- For optimal grouping capability, it is essential to stick to the recommended strength of the bedding between action and stock. This tool needs to be used every time the action is removed.

centra **TORQUE-Tool**

Torque wrench.

139,- €

Best. Nr.: 19A11000

**AIR PUK**

- Polished aluminium tin for 500 Diabolos.
- Airtight closure without thread.
- Foam cushion to prevent shake-damage.

*The cult container with the luxury factor. Practical, because of ease of opening. The round base helps you get your hands on even the last remaining pellet...*

19909001	M22

**TRIGGER-GAUGE**

- Spring balance 25 - 250 grammes, with drag-needle.
  - Shows trigger-pressure and consistency of match triggers.
- Recommended test tool for set-up and checking of air and smallbore rifle triggers. Because its important to have faith.*

centra **TRIGGER-GAUGE**

163,- €

Trigger-gauge.

Best. Nr.: 19A10000

**CASE**

- High quality aluminium tin with screw top.
- For earplugs (MEC - silence) or similar little items.

*Attached to your car key-ring, you will never forget your protectors. You'll also be glad to have them with you in noisy hotels.*

centra **CASE**

19,- €

Container for earplugs.

Best. Nr.: 19930001+ colour

**SAFETY LOOK**

- plastic breech-plug with signal flag.
- shows that the barrel is empty.
- minimises cooling during pauses.
- Does not damage or introduce dirt into the chamber.

*We already had the idea for this solution before the safety rules were introduced to mae it compulsory. This good-looking example is still the number one choice. Two rubber rings in calibre diameter protect the rifle from unwanted scratches.*
